

bcm | one™ GIVES BACK

The BCM One Gives Back Program recognizes the sincere desire of BCM One clients, employees, partners and leadership to lend ongoing support to a variety of charities as an extra benefit of working together as technology partners.

Here's how the program works:

- As a new BCM One client, you are offered the opportunity to give back to one of BCM One's deserving non-profit clients – at no extra cost to your business.
- When you choose BCM One as your technology solution provider, BCM One donates up to 5% of your company's monthly bill – every month – to the non-profit BCM One client of your choice.
- Your generosity can be further amplified by recommending BCM One's services to other businesses.
- BCM One will donate another 5% of the monthly spend of the business you recommended to your chosen non-profit organization.

To participate in the BCM One Gives Back Program, contact your BCM One Account Representative or marketing@bcmone.com

Who benefits from this program?
Various organization and charities.
Below is a sample of organizations the BCM One Gives Back Program has supported.
